

DataMapperInterface

```
classDiagram
    class DataMapperInterface
    class DataMapper
    DataMapper --|> DataMapperInterface
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'DataMapperInterface'. Below it is a box labeled 'DataMapper'. A vertical arrow points from the 'DataMapper' box up to the 'DataMapperInterface' box, indicating that 'DataMapper' inherits from 'DataMapperInterface'.
